Rationale for Proposed Boundary Changes: The MacFarland MS boundary is made up of the proposed boundaries of the elementary schools designated to feed geographically into MacFarland.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed boundaries for Barnard ES, Truesdell ES, Powell ES, Bruce-Monroe ES, Raymond ES, or West ES is zoned for and has a right to attend MacFarland MS and Roosevelt HS. Any student attending a feeder elementary school out-of-boundary has the right to continue in the feeder pattern to MacFarland. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): Powell ES, Bruce-Monroe ES, Bancroft ES, Cleveland ES, Marie Reed ES, and Tyler ES all have dual-language programs. Fifth grade students in these dual-language programs will have a right to attend the dual-language program at MacFarland MS. Eighth grade students in the MacFarland MS dual-language program will have a right to attend the dual-language program at Roosevelt.
